## Chapter 1 by Grace1517

I knew the boy that gave it to me. It wasn't a secret but I never knew what would happen to me because of the present...

## Chapter 2 by Grace1517

It could've been good, really good. I think that's what he thought would happen but he made a terrible mistake and it was a trick that ended in death, my death. I know you're wondering how I'm telling this story, I am too. I guess I really wanted people to know what really happened because some people can make up ridiculous stories about this kind of stuff. I couldn't let that happen. I want everyone reading this to know what really went down and I want you to spread the word. It wasn't his fault, he didn't know what this gift could do to anyone. He merely thought it was an innocent gift and I did too. I'm sure everyone thought the same thing.
